ROPS RACKPACK®

Will it fit on my roll bar?

Yes, the ROPS rack fits most zero-turn mowers or tractors that have a roll over protection system (ROPS). All you need to do is measure your ROPS roll bar.

How to measure your new RopsRackPack®

Measure the width of your roll bar 'face' and 'side' as indicated. If your roll bar is 50.8mm by 50.8mm then you need our small version.

If either is larger than 50.8mm, or your roll bar is round, you need our large version.

Product

BTR-RRP-S	Fits small roll bars (50.8mm x 50.8mm)
BTR-RRP-L	Fits large roll bars (44.5mm x 76.2mm and 50.8mm x 76.2mm)

Features

- Heavy duty, ballistic nylon with industrial strength hook/loop closure
- Easily attaches to most ROPS/roll bars
- Innovative design reduces downtime – no need to drill or alter your existing roll bar
- Secure your tools and supplies to D-rings using carabiner, latches, gear ties, velcro straps, bungee cords, rope, zip ties and more

Standard Equipment

- 1 anchor sleeve
- 2 side straps
- 2 straps

Optional Equipment

- Nite Ize® Gear tie® Loopable™ Reusable rubber twist tie™
- Nite Ize® S-Biner® Dual Carabiner
- Gearbag
- Quick fuel bottle
